# Xerox 5018

*Until recently desktop copiers were very much just convenience copiers. In terms of the quality of the copies and the facilities offered they were limited. That's why we created the Xerox 5018.*

*Now, even on a limited budget, you can produce impressive documents quickly and easily. While also sharing the advantages of zoom reduction and enlargement facilities and the reliability of a copier built to the highest possible standards.*

*To offer you even greater flexibility we have created the Xerox 5018 on a modular basis to enable you to select the benefits that will help your business most. The added advantage of this being that you don't have to pay for unwanted extras.*

*The result is even greater cost efficiency for your organisation.*
